WORSE THAN GLOOMY

The Great Strike of the Miners
Already Begun.

THOUSANDS HAVE QUIT WORK.

Within the Next Twenty-Four Hours Over
Two Hundred Thousand Men Will Be
Out, Affecting Fully Half a Million Peo-
ple—Pennsylvania Cokers to Go on An-
other Strike.

ROCHESTER, April 20.—The coal
miners' strike in the mines of Bell,
Lewis & Yates has spread to the other
mines of the company, and also to those
owned by the Rochester and Pittsburgh
Coal and Iron company. The strike
promises to be one of the greatest that
has occurred in many years east of the
Mississippi river.

The men employed in the Big Soldier
mine at Reynoldsville, Pa., owned by
Bell, Lewis & Yates, numbering about
1,500, walked out at noon yesterday, and
at the same hour those employed in the
Adrian, and Walston mines, owned by
the Rochester and Pittsburgh company,
quit work. The men at the Elora,
Beach Tree and Helvetia mines contin-
ued at work, but at 6 o'clock last night
announced their intention of not return-
ing. This puts at least 4,000 out of
work as a forerunner of the big strike,
which goes into effect Saturday noon,
when it is estimated that fully 200,000
men will quit work.

It is claimed that when the 200,000
men go out double that number will be
affected in associated industries. The
organization controls all the labor en-
gaged in bituminous coal mining in the
United States and covers the states of
Pennsylvania, West Virginia, Kentucky,
Tennessee, Ohio, Indiana, Illinois, Iowa,
Missouri, Kansas and Colorado.

At the convention of the miners a
resolution was adopted in which they
stated that they regretted the circum-
stances which led to a suspension being
necessary, but they were ready to meet
with the owners and operators of the
mines of each competing district for the
purpose of adjusting mining rates upon
a living basis and entering into annual
agreements, which will give stability to
their trade and assure peace and tran-
quility between employers and employes
in all mining communities.

The strike will especially affect the
Buffalo, Rochester and Pittsburgh, whose
principal business is the running of coal
trains. This company handles over 500
cars a day at the mines. This coal is
transported by rail to the connecting
lines, and is used principally for railroad
locomotives. The company delivers to
the New York Central daily about eight
to 10 trains, which are sent to the vari-
ous yards along the road, and for the
past week the railroad has been laying
in an extra large supply in anticipation
of the trouble. All of the trestles are
filled, and there are hundreds of loaded
cars in all of the yards. Their coal sup-
ply for the Lyons trestle comes over the
Fall Brook, which will be tied up.

The Buffalo, Rochester and Pittsburgh
and Western New York and Pennsylvania
will be practically tied up by next
Monday night, as at that time all of the
Central trains will have been moved to
the connecting roads, and there will be
nothing for the crews to do; so they
will be laid off. On the Buffalo,
Rochester and Pittsburgh 25 freight
crews will be out of work and an equal
number of engineers. All the business
that will be done will be the moving of
a few local freights and the two salt
trains which are daily sent out from
Warsaw.

Eastern roads report to the various
coal companies that they have sufficient
coal on hand to prolong the strike for
from 60 to 90 days. It is thought that
in that time the miners can be forced to
come to terms.

INAUGURATED IN PENNSYLVANIA.

Thousands Have Already Quit Work and
More to Follow.

DUBOIS, Pa., April 20.—The strike to
be inaugurated Saturday will be general
and complete in the mines of this region,
and the outlook is worse than gloomy.
The Punxsutawney miners came out en-
masse, and within 24 hours the whole
region will be idle.

The men who have already struck at
Reynoldsville, Dubois and Punxsutaw-
ney are 2,500 strong, and there are thou-
sands yet to come out. The miners at
Reynoldsville, employed by the Bell,
Lewis & Yates company, came out yester-
day and will stand with the rest of
the organized miners when the big
strike is inaugurated.

Already Begun.

JOHNSTOWN, Pa., April 20.—The strike
among the bituminous coal miners in
this region was started today, when 500
men came out at Hastings. On Satur-
day it is expected that most of the men
in this district will strike and that 6,500
miners will be out in the Sixth bituminous
district. This district covers 78
mines, mostly north of Cambria county,
and along the Pennsylvania railroad be-
tween here and Gallitzin.

INDIANA MINERS.

Men Will Work a Few Days a Week Until
May 1.

BRAZIL, Ind., April 20.—The miners
at their meeting at the various mines in
the county yesterday, strongly argued
that the men should work but one or
two days a week until May 1, when all
should join in the general strike. This
is in keeping with the wish of most of
the men at the mass meeting held
Wednesday.

The operators insist upon the men
working every day, but the employes re-
fuse as they have discovered that an

enormous amount of coal has been sig-
naled to be used in case of a strike,
and the operators are receiving tele-
graphic orders from their patrons for
large amounts of coal.

COKERS TO STRIKE AGAIN.

Next Monday Will See a General Shut-
down in All the Works.

UNIONTOWN, Pa., April 20.—The strike
is again the talk of the Connellsville
coke region, and those who thought it
dead now concede that it is very much
alive. That next Monday will see a
general shutdown in compliance with
the orders of the national organization
is now admitted on all sides, and it is
now known that during the past week
there has been going on a secret organi-
zation among the employes of every
company for the purpose of securing an
all-around suspension next Monday
morning.

The statements made are sustained by
the action of the executive board of the
local organization, which met at Scott-
dale yesterday. The situation was dis-
cussed and a circular was issued to the
workmen in the coke region announcing
the fact that the national organization
had called for a general strike through-
out the United States on Saturday, April
21, and notifying every plant in the dis-
trict to send delegates to a convention to
be held in Scottdale on the 23d to ratify
the order.

A convention held at Mount Pleasant,
with 40 delegates present, voted solidly
for the general strike.

Michael Barrett, district president,
says: "The movement will be univer-
sally complied with. There will be no
Frick men, McClure men nor Rainey
men. They will all be strikers."

The matter has been worked up quietly
and the partial failure of the local strike
is the result of the general strike being
declared.

ANOTHER DAY AND NOTHING DONE.

Tariff Speech in the Senate While Con-
gressmen Attend the Ball Game.

WASHINGTON, April 20.—The day in
the senate was almost entirely consumed
by a speech against the pending tariff
bill by Senator Perkins of California.
The speech was devoted to a discus-
sion of the articles which directly affect
California wool, fruits, quicksilver,
beet sugar, etc., although he considered
other features in the bill in which his
state was not interested, but which were
opposed to Republican principles and
which he accordingly arraigned.

But little business was transacted dur-
ing the morning hour, the agreement of
the senate to the report of the confer-
ence committee on the urgent deficiency
bill being the most important.

The Peffer resolution for the appoint-
ment of a committee on communications
for the purpose of hearing the grievances
of Coxey's army, was debated by Sen-
ators Peffer and Allen, both of whom
favored it, but it went over without ac-
tion by the expiration of the morning
hour.

At 5 o'clock eulogies were pronounced
on the late Representative W. H.
Enochs of Ohio, after which the senate,
at 5:15, adjourned.

In the House.

WASHINGTON, April 20.—The house is
making very slow progress with the di-
plomatic and consular appropriation bill.
Almost the entire day was devoted to
thrashing over the old straw in the Ha-
waiian controversy. The text used as
a basis for the debate—a motion to cut
off the salary of the Hawaiian minister
—was defeated when the vote was taken
without division. About 4 o'clock half
the membership of the house suddenly
faded away to attend the opening ball
game of the season, and when this act
was observed Mr. Cannon carried the
committee of the whole to a vote on an
amendment to prevent the increase of
the salary of the Mexican secretary of
legation. The Democrats were unable
to produce a quorum, and after a rollcall
the house adjourned.

GREAT NORTHERN STRIKE.

The Superintendent of the Road Ready to
Hear the Employes' Grievance.

ST. PAUL, April 20.—While the strikers
on the Great Northern system are ju-
bilarious over the receipt from Superin-
tendent Hill of the road of a note repeat-
ing his well known expression of being
always ready to hear his employes' re-
gretted, the restraining order issued
Wednesday seems to have been very effective.

At nearly all points where any at-
tempt was made yesterday trains were
moved without active opposition by the
strikers. The presence of United States
deputies with copies of the restraining
order generally served to quiet the men.
Trains were moved at Fargo and Grand
Forks, N. D., and at Barnesville, Breck-
enridge and Crookston, Minn.

Double Murder in a Saloon.

NASHVILLE, April 20.—Tom Ramsey,
keeper of a low saloon in Black Bottom,
shot and instantly killed Riley Forman
and Tom Fagin last night, at 7:45.
Forman was drunk and it is claimed en-
deavored to cut Sam Fogg, the barkeep-
er, when Ramsey pulled down a shot-
gun and killed him. At this moment
Fagin stepped into the back door of the
saloon, when Ramsey let him have the
other barrel. He died instantly. Ram-
sey had a spite against Fagin. Ramsey
was arrested.

Passenger Train Ditched.

DENVER, April 20.—The B. & M.
passenger train No. 4, eastbound, was
ditched yesterday on a snowdrift on the
track near Yuma, Colo. The passengers
were uninjured, but Engineer Pat Thir-
lin and Fireman Burt Goodwin were
seriously hurt. Part of the train turned
over and the engine is a wreck.

Senator Vance's Successor.

RALEIGH, April 20.—Hon. J. T. Jarvis
has been appointed and has accepted the
United States senatorship to succeed the
late Senator Vance.

CAMPED IN THE RAIN.

Coxey's Army Reaches Will-
iamsport, Maryland.

WASHINGTON 70 MILES AWAY.

The Army is on Time to the Day With
Fair Prospects of Completing the Journey
by May 1—Kelly Coming on Foot, But
Expects to Capture a Train—Frye's Army
in Casey, Ills.

WILLIAMSPORT, Md., April 20.—
Coxey's army camped in the rain yester-
day. There was but one tent and the
men sought shelter under wagons. Later
the rain ceased and Browne and Coxey,
on horseback, headed a procession of the
army through the principal streets, re-
turning in about an hour to supper of
boiled pork and hard tack, after which
there was a large public meeting ad-
dressed by the two leaders.

Coxey talked on his non-interest in
bearing bond bill and held the attention of
the crowd. The only thing about the
army that seemed to shock the towns-
people, was the array of repulsive re-
ligious caricatures on the banners.

Coxey was busy all day making ar-
rangements to secure the fair grounds at
Hagerstown for the next camp. He
and Browne also had a great many
visitors, the most of them curiosity
seekers, but one party of women from
Martinsburg came to them to deliver an
address of welcome and encourage-
ment, one of them pinning a bunch of
flowers on Coxey's coat and begging him
to accept the gold pin with which it
was fastened, as a mark of admiration
from the party.

Coxey will accompany the army to
Hagerstown and then leave to attend a
horse sale in New York, at which he
will dispose of some of the stock of his
Dixiana farm at Lexington. He will re-
join the army on Tuesday, when, ac-
cording to schedule, the men should
have reached Damascus.

The army is on time to the day so far
and with ample time before them in
which to cover the remaining 70 miles
by pike to Washington. Childs, Smith
and the veiled lady played another trick
on the commonweal at Hagerstown,
speaking twice without molestation from
the authorities and leaving Coxey and
Browne in a rage at the other end of six
miles of telephone wire when they found
they could not stop them.

The army spent an uncomfortable
night in a wet camp, but promised itself
a fine day on the pike when the start is
made at 11 o'clock.

KELLY COMING.

His Industrial Army Breaks Camp and
Starts East on Foot.

OMAHA, April 20.—Kelly's army of
industrial, wet, bedraggled with mud
and chilled to the bone, broke camp yester-
day and started from the Council
Bluffs Chautauqua grounds east on foot.
During the night the ranks had been
swelled by the arrival from Nevada of a
company of 65 men under Captain M.
German, and in the morning further ac-
quisitions were received, when Captain
Morgan with his two companies of com-
monwealers, 110 strong, reached camp
from the west by way of the Union Pa-
cific.

The objective point of the march is
Weston, 15 miles from Council Bluffs,
on the Rock Island and Milwaukee
roads. It is believed that a train will be
secured at Weston to carry the army
east, and that the Chicago, Milwaukee
and St. Paul will be the line over which
the industrial will be carried into Chi-
cago. General Kelly will not talk much
of his plans, as he says he has been
tricked so often by the railroads that he
proposes to keep quiet until he has made
a success of his move.

The Iowa militia was ordered home
and all companies have gone. Kelly
says that if he does not secure a train he
will march his army back to Council
Bluffs.

General Manager St. John of the Rock
Island arrived in the city last night, and
after learning the condition of Kelly's
men, advised President Cable by tele-
graph to furnish a train to take the men
to Chicago. President Cable replied that
he would not decide whether to furnish
a train. He expresses warm sympathy
for the men and recognizes the fact that
if violence is done, railroad property
will be the first to suffer.

Frye's Army.

CASEY, Ills., April 20.—General Frye's
industrial army, numbering 188 men,
came in this city yesterday evening.
The advance agent came in during the
morning and secured money and pro-
visions. They are in camp within the
city limits, and all seemingly are in the
best of spirits. General Frye has gone
to Terre Haute with the intention of
securing transportation for his men
from that point, where they will camp
over Sunday.

Denver's Industrials.

BRIGHTON, Colo., April 20.—The
Denver industrial army arrived here at
2 p. m., and camped in the fair ground.
The mayor and council met them and
promised if they would not leave the
grounds to send food over. The army
will try to get out of town on a freight
train, and asked the mayor to assist in
procuring three boxcars. Captain Gray-
son has received a telegram from Gov-
ernor Watts, offering \$15 toward paying
for boxcars.

REGARDED AS SERIOUS.

Congress Can Not Provide For Coxey's
Commonweal Army.

WASHINGTON, April 20.—Inquiry con-
cerning the proceedings of the executive
session of the senate yesterday developes
the fact that senators take a more seri-
ous view of the prospective gathering of
Coxeyites and others here than the first

report would seem to indicate. The
opinion is expressed by senators who
participated in the executive proceedings
that in view of these precedents, and the
emergency that is likely to arise, Presi-
dent Cleveland would be justified in is-
suing a proclamation warning the men
now on their way to the city in connec-
tion with Coxey's movement that the au-
thorities will be prepared to require the
strictest observance of order.

The opinion is also freely expressed in
the senate and was advanced in execu-
tive session that congress can not afford
to or should not do anything looking to
the sustenance of the Coxey army while
here. It is expected that if a large body
of men should assemble, as is now re-
garded probable, that they will soon find
themselves more anxious to secure food
to sustain life than money to build roads
and will be clamorous for an appropri-
ation to that end.

BASE BALL.

The Season Opened, but Two Games Were
Postponed on Account of Rain.

BOSTON, April 20.—Boston opened
her ball season with a rousing reception
to her team from the throats of 7,000
who assembled in South End grounds
yesterday. After one of the most unin-
teresting games Boston defeated their
opponents, the Brooklyn. The errors of
the Bridgegrasses were mostly of a
costly nature, while the home nine took
advantage of every point of the game
and batted hard.

It was the first game of the season in
Boston and the cranks were out in full
force and gave a royal reception to all
the favorites of both nines as they came
to the bat. Umpire Jim O'Rourke, the
old Boston favorite, had to wait several
minutes after the call of time before the
crowd would allow him to keep his
hat on his head. The score was as fol-
lows:

Boston 0 0 1 5 1 0 2 4 x—13
Brooklyn 0 0 0 0 1 0 0 1 0—2
Batteries—Stivett and Gansel; Kennedy
and Dailey.

Washington-Philadelphia.

WASHINGTON, April 20.—The Wash-
ington team signalized the opening of
the championship season by a well
earned victory over the formidable Phila-
delphia ball tossers. Fully 5,000 per-
sons were in attendance. Included in
the large assemblage were a number of
prominent people of Washington, notice-
able among them being members of con-
gress and Attorney General Olney. Both
teams played very well, but Pitcher
Esper was too much of a puzzle for the
visitors and they failed to hit him safely
when a hit would have counted much.
Pitcher Weyhing of the Phillies also did
excellent work, but his support was not
as efficient as Esper's. The score was:

Washington 0 0 0 0 1 0 1 2—4
Philadelphia 0 0 0 0 0 0 1 1—2
Batteries—Esper and McGuire; Weyhing
and Clements.

Baltimore-New York.

BALTIMORE, April 20.—There never
was such excitement and enthusiasm in
Baltimore over the opening of the pro-
fessional base ball season as that evinced
yesterday. Baltimore defeated New
York before 15,300 spectators, Balti-
more's highwater mark, by superior
playing at all points. Baltimore
bounced her hits and played without an
error. McMahon and Rusie each
pitched finely. Robinson's throwing
and the batting of Brothers were the
features of the game, while Murphy ac-
quitted himself like a veteran. The
score was as follows:

New York 0 0 0 0 1 0 0 2 0—3
Baltimore 0 0 2 0 3 0 0 3 0—8
Batteries—McMahon and Robinson;
Rusie and Farrell.

St. Louis-Pittsburg.

ST. LOUIS, April 20.—The League
base ball season opened here yesterday
with a game between the Browns and
the Pittsburg. Although the weather
was cold, the prospects of an interesting
game brought out between 8,000 and
9,000 people. The heavy batting of the
home team was a feature of the game
and with their good fielding helped them
to win by a good score:

St. Louis 0 2 0 2 0 2 0 3—11
Pittsburg 0 0 0 0 0 0 1 0 2—3
Batteries—Buckley and Breitenstein;
Killen and Mack.

Postponed at Louisville.

LOUISVILLE, April 20.—The heavy
rains of Wednesday night and yesterday
caused a postponement of the opening of
the League season of '94. Great pre-
parations had been made for the open-
ing day and a large crowd was anti-
cipated.

Cincinnati Game Postponed.

CINCINNATI, April 20.—On account of
the rain the opening game between the
Reds and Chicago in this city was
postponed.

Tramps Cowarded by Police.

MUNCIE, Ind., April 20.—The police
were given rawhides yesterday and used
them on a big gang of tramps. The
tramps were sent out on the run, beg-
ging for mercy, while the blood flowed
from their backs. This action of the po-
lice does not meet with general favor
here.

North Dakota Blizzard.

ELLENDALE, N. D., April 20.—Six
days of rain has culminated in a blizzard
which is raging with great fury. Stock
on the ranges will suffer terribly as a
great deal has gone out during the past
week.

Cyclone in Missouri.

WEST PLAINS, Mo., April 20.—Sum-
merville, in Texas county, was struck
by a cyclone yesterday. Mrs. Val M.
Keel and three children were killed. It
is feared that other lives were lost.

Overturned a Lamp.

CONNERSVILLE, Ind., April 20.—Sant
Caldwell's residence, six miles north of
this city, burned last night. The fire
was caused by a caller upon the hired
girl upsetting a lamp.

UNCONSTITUTIONAL.

South Carolina Liquor Law Is
So Declared.

STATE BARS WILL BE CLOSED.

It Is a Revenue, Not a Police Measure.
Both the Old and New Laws Conflict
With the Principles of the State Govern-
ment—An Appeal to Be Made in the
United States Courts.

COLUMBIA, S. C., April 20.—The Till-
man dispensary law has been declared
unconstitutional, two supreme court
judges concurring in, and one dissenting
from, the opinion.

In the decision Chief Justice McIver
and Judge McGowan decided the law
unconstitutional in practically all its
features. Judge Pope dissented. The ma-
jority of the court decided the measure
one to raise revenue, and not a police
regulation. The court took up the en-
tire question, and declared both the old
and new law in its main feature to be
against the principles of Carolina's gov-
ernment. The opinions of Judge Lind-
son were both affirmed.

The state has already announced its
determination to appeal to the United
States court. A Tillmanite member of
the court will go on the bench in July,
and the matter may be kept pending un-
til that time.

In answer to a rather pressing request
for a statement, Governor Tillman said:
"I have not read the decision and do
not know its scope yet. I have tried to
enforce it because it was the law.
The action of the court makes it im-
cumbent upon me to take such steps as
may, in my judgment, will protect the
state. The matter is not finished. I
will obey the court for the present and
appeal to the supreme court—the peo-
ple."

John Garry Evans, a candidate for
governor, and Governor Tillman's right
hand man, declared that the decision
was a political one and it is believed
that the Tillman administration will
meet the result on this line.

The law decided unconstitutional yester-
day is the old law, but the opinion
practically annihilates the new and
amended law, as the provisions declared
unconstitutional are identical in the new
law.

CUT OF WAGES ACCEPTED.

There Will Be No Strike of the Wabash
Railroad Employes.

WABASH, Ind., April 20.—The Wabash
trainmen at the division point, An-
drews, 11 miles east of Wabash, are
disposed to accept the idea of a strike on
that system, as a result of the new wage
scale which the company insists will go
into effect May 1.

There are several divisions of the vari-
ous brotherhoods at that point, and while
the men feel that the cut, which ranges
from 20 to 35 per cent, is too deep, they
say that there having been a reduction
in the salaries of the official and clerical
forces, trainmen could not expect to es-
cape.

They also recognize the fact that the
Wabash men are paid as big wages as
those of any road in Indiana, and are
willing to stand the cut. It may be
stated positively that in no event will
there be a strike, and the sensational re-
ports sent out from Decatur, Ills.,
Springfield, Ills., and Huntington, Ind.,
are wholly unfounded.

Driven Out of Town.

DESHLER, O., April 20.—Wednesday
night a mob of infuriated men, women
and children, nearly killed Florence
Stevenson, who had been living with
George Keim, a prominent business
man. Keim's wife led the mob, and the
Stevenson woman was held under the
spout of a railway water tank until she
was nearly drowned. She was then out
on a Cincinnati, Hamilton and Dayton
train and sent out of town. Keim barely
escaped hanging and was stoned out
of town. He caught a freight and
joined the Stevenson woman at Lima.
They were arrested there yesterday
evening.

Defied the Sheriff.

SPRINGFIELD, O., April 20.—The Stur-
geon family, lessors, refused to give up
the Carmin farm, which Ezra Jenkins
bought at sheriff's sale two weeks ago.
When Deputy Sheriff Shocksnessy, who
had been warned of trouble, appeared
with six strong deputies and a writ of
possession, Mrs. Sturgeon, who was
alone, got down a shotgun and dared
the party to come into the house, saying to
Shocksnessy: "Your shirt is white now,
but if you try to get through this door,
it will be red." The party, unable to do
anything, retreated, and the family still
hold the fort.

An Attempt to Wreck a Train.

ZANESVILLE, O., April 20.—An at-
tempt was made to wreck a Columbus,
Sandusky and Hocking passenger train
near Rendville yesterday by driving a
piece of steel rail three feet in length be-
tween the frog guard and the main track
rail. The engine struck the obstruction
with such force as to break the thin
part of the rail and the train passed in
safety.

Seventy People Massacred.

CAPTOWN, April 20.—Dispatches re-
ceived from Bechuanaland say that a
marauding chief, known as Naneque,
has massacred 70 Bechuanas, including
women and children, and that he has
also killed the family of a Boer Troker
in the Kalahai desert.

Army Officers Rewarded.

WASHINGTON, April 20.—The presi-
dent yesterday sent to the senate a list of
151 army officers nominated for brevet
rank as a reward for gallant and distin-
guished service in Indian campaigns.

A BILL is pending in the Ohio Legisla-
ture authorizing the borrowing of \$500,-
000 to carry the McKinley administration
over the breakers. It is said the de-
ficiency will reach over a million dollars.
McKinley rule has bankrupted the Ohio
treasury as McKinleyism has the Na-
tional treasury.

HERE'S an index to the sentiment down
in Louisiana on the great questions of
the hour. In the Democratic primary in
the Fourth Louisiana district to nomi-
nate a successor to Mr. N. C. Blanchard,
a vote was taken on leading questions of
the day. The results were as follows:
For income tax.....3,446
Against.....151
The tariff for revenue.....3,166
Against.....161
For anti-options bill.....3,250

The quorum counting rule, that made
Hon. T. B. Reed, of Maine, famous in the
Fifty-first Congress was adopted by the
House of Representatives, Tuesday, by a
vote of 212 to 47.—Winchester Sun.

Now Brother Bosley, the Associated
Press report says that Mr. Reed offered
his rule as an amendment to the one
proposed by the Democrats, and that it
was rejected. Why can't you Republi-
cans tell the truth occasionally? The
new rule is a common sense rule. It
prohibits the Speaker from setting him-
self up as the autocrat of the House, treats
the minority party fairly by giving it a
representative in the count, and therein
is just the opposite of the Reed rule.

The close friends of Judge G. S. Wall
are making a still hunt for him through-
out the district for our "Man from Mas-
on" to become a candidate for Appellate
Judge. He would not be a dark horse in
the race for the nomination, and we who
are not "followers after Cleveland"
would rather see some other Democrat
get it. Judge Wall has had wide experi-
ence on the bench and would make a
just, honest Judge.—Public Ledger.

We suppose the Ledger intended to say
that it would rather see Judge Wall than
some other Democrat get the Judgeship.
He has had eight years' experience on
the bench, and no one now in the race is
better fitted in every way for the position.

WONDER if the BULLETIN will condemn
the new Democratic rule for counting a
quorum? It's just the same as the com-
mon-sense rule of "Czar" Reed.—Public
Ledger.

The BULLETIN will not condemn it. It's
an excellent, common-sense rule, because
it is almost the reverse of the autocratic
rule of "Czar" Reed.

The new regulation affords no autocrat-
ic power to any one, the Speaker being
required to name "two members, one from
each side of the pending question, if practic-
able, who shall take their places at the Clerk's
desk, to tell the names of at least of enough mem-
bers who are in the hall of the House during
the roll call, who do not respond, when added
to those responding, to make a quorum."

There's as much difference between
this rule and Mr. Reed's rule as there is
between white and black. Mr. Reed's
rule made the Speaker an autocrat and
he counted a quorum according to his
own pleasure. The minority was not in
it. The new Democratic rule gives the
opposing party a show in the counting.
It does not make the Speaker a "Czar".
The Speaker does not do the counting.
The counting is done by representatives
of the two principal parties.

That the new rule is not "just the
same" as "Czar" Reed's rule is evidenced
by the fact that Mr. Reed offered his
rule as an amendment and it was
rejected.

The editor of the Ledger persists in
misrepresenting things politically, but
the disease has become chronic in his
case.

BEEN ON A DRUNK.

This bright and beautiful country of
outs has been on a high protection spree
ever since the war, and is just now ex-
periencing the "difference in the morn-
ing." She took a little protection as a
stimulant, and thought it was good for her
constitution, and kept taking it, until the
more she took the more she required,
and now she has reached the verge of de-
lirium tremens. And like the drunkard
in his delirium, she thinks she wants
nothing to make her well except the very
stuff that made her sick. But prudent
doctors know better.—Augusta Reporter.

Stairs, you have sized up the situation
in a nutshell. It's high time for the
country to sober up and stay sober.

THERE'S as much difference between
the new rule for counting a quorum in
the House of Representatives and Mr.
Reed's rule as there is between white and
black. Under the new rule the Speaker
appoints a representative from the two
opposing parties to do the counting; un-
der "Czar" Reed's rule, the Speaker
did the counting according to his own
pleasure.

SOUTHWEST TEXAS.

An Ex-Kentuckian Touches It Up In Glowing Colors—Herndon's Rio Grande Legacy.

"The man who has been there" and is still there, not content with merely going and seeing, but daring enough to act and fortunate enough to win, writes to Colonel J. B. Herndon, of this county, in answer to his request touching the points of interest in the Colonel's Rio Grande legacy. The facts from actual experience and personal observation may claim the attention of some of the BULLETIN readers who are dreaming of cheap lands and pleasant homes, or lands for investment, in the "Lone Star State." The statement is from an ex-Kentuckian, a leading business man of Eastland, and reliable in every detail:

EAGLE PASS, MAVERICK CO., TEXAS, April 10.
Colonel Herndon: In answer to your request for my opinion of the lands recently gained for the Herndon heirs I have to say: "The land is eminently adapted for stock raising purposes and is used exclusively for that purpose. It borders on the Rio Grande river and the valleys are very rich. Further up the river and below it there are a great many grapes grown. There are extensive coal deposits in the county (Maverick) which are being worked, but I am not informed whether there is any coal on the Herndon Surveys. The climate is mild. I don't remember having seen any cotton growing in that section. The water is soft and good. While the soil in the valleys is very rich that on the hills is not so fertile, but is used for grazing purposes only.

The parties from whom the Herndon heirs gained the land had a fence across the division. These parties have been using it for years as a rancho and have amassed a great fortune on this and other lands adjoining, in the stock business. Dick Croker, the Tammany Hall leader, has been here and was so impressed with this section as a horse-raising and horse-training country that he has decided to purchase an extensive rancho and engage in the fine horse breeding and training business, and will spend part of every winter in Southwest Texas.

Come out with the June excursion—don't fail. I expect to be married in Austin in June, and you can attend a Texas wedding. Bring some of your Kentucky horsemen with you. There is no better horse-raising country on the globe than Southwest Texas. The country is so level you can get a training track at any place. This region is noted for its fat cattle, with succulent grasses lasting all the year round. Eagle Pass, the county seat of Maverick, has a population of 2,600.

You will like it here when once acquainted. There is a fascination at what at first sight appears a drawback. The soothing gulf airs are a perpetual invitation to stop worry and fret and hurry.

Why tarry longer on the tired and worn out fields of "Old Kentucky," which you can sell to some of your moneyed neighbors for \$100 per acre? Why go out to battle with the blizzard and coyote for the privilege of leading a precarious existence on the barren prairies of the Northern States, when here with one-tenth of the capital, and with much less effort, you can obtain a home of cheap rich land and make a fortune amid the fruits and flowers of the sunny Southland? Remember the June excursion. Come to the wedding. The spirit and the bride say come.

Prohibitionists Knocked Out.

Judge Saufly of the Lincoln Circuit Court has rendered a decision which makes the prohibition law recently voted on in the Stanford precinct nugatory. He holds that under the new charter of towns of the fifth and sixth classes the Trustees or City Council have the exclusive regulation of the liquor traffic, affected only by the expressed will of the citizens of such town. He accordingly, upon application, granted a mandamus to the County Clerk to issue license to a saloon-keeper in Rowland, a suburb of Stanford. The prohibitionists have had their two months' work for nothing, and are feeling pretty sore over the decision.

THE APPELLATE CONTEST

And the Fight For Railroad Commissioner—Hon. C. B. Poyntz Denies a Report.

The Frankfort correspondent of the Courier-Journal says: "The race for Appellate Judge in the Sixth, or Covington, district is absorbing more attention here, since the withdrawal of Robbins, in the First district, leaves it the only district in which a contest will be made.

"Railroad Commissioner Poyntz denies a report which has been going the rounds here for two weeks past to the effect that matters had been arranged in Mason County to support Goebel, of Covington, in consideration of Keuten's vote for Poyntz a year hence. Mr. Poyntz says the report was circulated by political enemies of his and was entirely groundless. He has made no combination with any one and expects the contest between Goebel and Poyntz in Mason County to bring on a hard fight.

"The information is that Congressman Paynter is not yet announced for the Appellate Judgeship, and if he intends to make the race is at least allowing Senator Goebel, Colonel Washington and Mr. Applegate to get the start of him, as they are already making an active canvass."

Cummins & Redmond,

Successors to Hill & Co.

SENATOR D. B. HILL.
He May Succeed Vance on the Senate Committee on Finance.

WASHINGTON, April 20.—An interesting suggestion is made in connection with the possibility of the selection of Senator Hill as a member of the senate committee on finance to succeed the late Senator Vance, to the effect that such action might lead to an effort to have the tariff bill recommitted to the finance committee. Senator Hill is believed to be favorable to this course, and the Republican senators entertained the idea of such recommitment, when the Democratic majority of the committee refused to grant hearings. This they abandoned, because they thought that a recommitment would mean the subsequent report of the bill with immaterial amendments. With Senator Hill as a member of the committee, dissatisfied with many features of the bill, as he is known to be, and especially antagonistic to income tax, there would be good reason for hoping on the part of those who agree with him that the bill would be materially amended if it should again go to the committee. If he should stand with the Republicans of the committee and they should vote solidly, any change desired by them could be effected. There is a possibility, however, that the vacancy in the committee will not be speedily filled, and it is believed that the Democratic members of the committee will ask that Senator Mills be given the place. The selection of Mr. Mills to close the general preliminary debate on the tariff bill, strengthens this supposition. The committee will not, of course, have the naming of the additional member, but its recommendation would naturally have influence with the Democratic caucus.

ROYAL WEDDING.

A Granddaughter and Grandson of Queen Victoria Marry.

COBURG, April 20.—Her royal highness, Princess Victoria Melita of Saxe-Coburg-Gotha, granddaughter of Queen Victoria, was married yesterday in the chapel of the ducal palace here, to Duke Ernest Louis Charles Albert William of Hesse, grandson of Queen Victoria. The weather was splendid and the city was packed with royal and imperial guests, foreign visitors and German sightseers.

Among the many presents received by the bride were a necklace of pearls and emeralds, a bracelet of diamonds, a large pendant of diamonds and sapphires, a pair of diamond earrings, a bracelet with a large emerald in its center, a diamond heart with a large turquoise in its center and a diadem of diamonds and emeralds from her parents.

Queen Victoria presented the bride with a diamond pendant and Emperor William's gift was a pendant of diamonds and sapphires.

The czarowitch and the Grand Duchess Xenia gave the bride a brooch of diamonds and emeralds and her brother sent her a handsomely painted fan.

The Sultan of Johore sent a splendid silver tea service and Princess Beatrice made the bride a present of a leather photograph fan.

ACQUITTED OF CRIME.

End of a Long Murder Trial at Lafayette, Indiana.

LAFAYETTE, Ind., April 20.—The trial of Edward Rudasul, which began on the 9th inst., closed yesterday with a verdict of acquittal. The jury retired about 11 a. m., and in half an hour had reached an agreement. There was but one ballot taken on the guilt of the accused. The jury was composed entirely of old men.

Rudasul was indicted for killing Michael Horen on the 6th of December last. He is an engineer on the Monon railway, and Horen was a brakeman on the same line. The quarrel occurred in John Fitzgerald's barroom. Both had been drinking more or less. Rudasul was first assaulted by Horen and a man named Quivey, but did not strike back. This was followed by another assault as he was leaving the room, being hit in face, and there was a threat to kill him.

Believing that his life was endangered, Rudasul used his revolver, firing one shot and wounding Horen. He did not know for some time that he had killed Horen. While Rudasul was a witness in his own behalf he testified that sheriff Gaddis had commissioned him a deputy sheriff shortly after the opera house riot, at the time Rudolph's meeting was broken up, and at a time when the A. P. A.'s were holding night sessions.

Prior to that time he had never carried a weapon, and he only did so afterward because he had been warned that his well known sympathy with the American Protective association would subject him to attack. He had been notified of threats made against him by Horen, and on one or two occasions Horen had followed him, bent upon picking a quarrel.

NO NEW BATTLESHIP.

The Opinion of the House Committee on Naval Affairs.

WASHINGTON, April 20.—The present and prospective naval strength of the United States in comparison with that of foreign powers is set forth in the report of the house committee on naval affairs, presented by Chairman Cummings. The report states that the committee have reluctantly concluded not to recommend the construction of a new battleship, because of the depleted condition of the treasury. It is urged, however, that there must be no halt in building up the new navy.

England proposes, says the report, to begin seven battleships of the first class, six cruisers of the second class and two sloops. Italy, with a depleted treasury, is preparing to build three first class battleships, three cruisers, 12 torpedo boats and four transports. Germany, France and Russia are going to even greater lengths to secure the increase of their navies. The report adds: "In view of these facts, it certainly would not be safe for the United States to build no more battleships and cruisers. With increasing prosperity the work should go on until the American navy is strong enough to stand all exigencies."

COUNTERFEIT silver dollars are in circulation at Louisville. A woman passed six of them on street car conductors one evening.

Rev. Whitty Waldrop will preach at the M. E. Church, South, in Washington, Sunday morning and night at the usual hours. The public invited.

In Germany and Switzerland street cars are successfully operated now by compressed gas, and it is claimed the new power is cheaper and safer than electricity.

At Mt. Sterling Henry Bowling was convicted of killing Lee Brown in October, 1892, and given ten years in the penitentiary. On the first trial he was sentenced to be hanged, but a rehearing was granted him, with the result as above.

The C. and O. has gained an enviable reputation for the superiority of its train service and the clock work regularity with which the schedule of the F. F. V. limited and other through trains is maintained. The C. and O. trains are the only modern ones lighted with electricity and carrying a through dining car service to Washington and New York.

"The Story of a Kiss," in which Miss Merli will be seen to-morrow night, is a play of intense interest. The scenes are laid in Paris at the present time. The part which Miss Merli assumes is a very difficult one, portraying a character of intense feeling whom circumstances have thrown in such a position that her love, ideas of right and disposition weigh in the balance against her duty.

A LAW suit growing out of the construction of the M. and B. S. Railroad was settled at Portsmouth this week. The style of the suit was A. B. Cole versus D. Shannahan & Co. The parties to the case were contractors and Cole brought suit for about \$8,000 for extra work. Shannahan & Co. filed a counter claim for about \$1,500. After the testimony for the defense was submitted, the court instructed the jury to find a verdict for the defense.

CARLENE Mercury: "Dan Mitchell and Thomas I. Davis spent several days this week riding through Mason, Robertson and Bracken, looking for some nice geldings. While in Mason they witnessed a most exciting scene. As they were nearing Maysville they discovered two boys very much excited and two horses in a very distressing predicament. The horses were lying flat on their backs, having fallen from a field above, where the boys were plowing, and had lodged in a brush pile held in place by a wire fence. They dismounted and with some labor succeeded in cutting the wire fence and releasing the horses without any serious damage. We have often heard of the mountain man who fell out of his corn field and broke his leg, but this beats the record, and that, too, in Mason."

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Died of His Wounds.

DETROIT, April 20.—Andrew Hernack, who was terribly wounded in Wednesday's riot, died of his injuries in St. Mary's hospital at 1:45 yesterday afternoon. He had lain in a stupor ever since the five bullets passed through his body. Kaboski and Kupersmidt are in a critical condition, and may die at any time. The officers think that those under arrest include the three principal ringleaders of the mob. According to interviews with many Poles they are all sorry now for Wednesday's acts.

Drunk in the Prize Ring.

MEMPHIS, April 20.—Jim Barron of Australia and Dutch Neal, who claims the welterweight championship of the west, met last night in the Pastime Athletic association arena for a purse of \$1,000 to fight to a finish. Neal was stupidly drunk when he entered the ring and was merely a mark for Barron to hammer. The fight lasted two rounds, Neal being knocked out in the last minute of the second. He was so drunk that when he came to he asked who won the fight.

Woman's Body Partly Identified.

CHICAGO, April 20.—The unidentified woman, who died suddenly at a Chicago hotel last Saturday while en route from San Francisco to Philadelphia, is now thought to have been the wife of Charles Lange of South Riverside, Cal. Messages from South Riverside ask for a description of the dead woman and a ticket found in her pocket was signed "Mrs. Lange." The woman died of pneumonia and her body has been in the morgue since her death awaiting identification.
